

**Life in this little community is a pleasant, peaceful and rewarding as you'd expect in a town called "City with a Heart". Plenty of social clubs, civic organizations and imaginative recreational programs contribute to Holly Hill's high quality of life. A modern library and over a dozen charming public parks keep active people occupied rain or shine. Churches representing many different denominations are ready to offer visitors and new members a warm reception.. we're not called the "City with a Heart" for nothing!..**
